PETITION will be available from facebook page above

THIS IS OUR ONE AND ONLY CHANCE TO OBJECT

We ONLY have 6 WEEKS to respond to the Public Consultation

We DO have a real chance of getting it removed if enough people object

Once the Local Plan is finalised this site will be zoned for development for the next 20 years and planning consent will be very likely to be given thereafter.

THAT MEANS

200 MORE properties to supply with water from the same reservoir in Fairlight that failed so many local residents in this area on Christmas Day.

200 MORE toilets to empty into our already overloaded sewage system and sea.

200+ MORE cars turning in and out of Fairlight Road.

MORE FLOODING OF THE BOURNE STREAM all the way down to the Old Town, especially at pinch points like the pathway from **Harold Rd** to Shearbarn, the road down to Pinders and Brackendale, the lowest point of **Harold Rd** opposite Dudley Infants.

NO EXTRA doctors surgery places, or dentists, or school places though.

NO IMPROVED bus services to the area.

DEVASTATION TO LOCAL WILDLIFE AND BIODIVERSITY (Adjacent to Hastings Country Park)

We do need more homes in Hastings but brownfield sites should be utilised first over precious greenfield land.
